Our Mission

In partnership with patients and their families, our mission is to provide comfort, support and care to meet the physical, spiritual, and psychological needs of people living with a life-limiting illness; contribute to the health and well-being of family members and survivors; and to help the communities we serve better understand end-of-life issues.

Providing the Best Care Possible 24 hours a Day, 7 Days a Week

Our team creates an individualized plan of care for every patient expressly tailored to a patient's needs and wishes. Our team provides care under the direction of the primary physician or the Hospice Medical Director.

SERVICES INCLUDE:

- Nursing visits
- Personal care
- Durable medical equipment and oxygen
- Medications and supplies
- Pain and symptom management
- Nutritional counseling
- Emotional support and counseling
- Spiritual support
- Bereavement follow-up
- Support groups
- Specialized therapies

My mother spent her last 24 hours at Carondelet Hospice, which was truly a blessing for our family. The staff and volunteers were a ray of light on my family's darkest day. They made my mom's final hours comfortable, pain-free and peaceful. Their love and care - and hugs! - helped us get through a very difficult time. After my mom had passed into the next life, we were allowed to continue to sit with her - and her spirit literally filled the room. It was an awesome experience. Thank you, Carondelet Hospice, for being there when we needed you.

WENDY SWEET

- Providing education about care, the disease process and the changes in the patient's condition
- Providing bereavement support to patients and their loved ones
- Offering weekly support groups
- Providing respite for families
- Continuous care, if indicated

compassion
comfort & care

WHERE IS HOSPICE CARE PROVIDED?

The majority of our patients receive care where they live, either in their home or a care facility. Care can also be provided in our home-like, in-patient unit when patients require more intensive symptom and/or pain management, or when families need a respite from caregiving.

WHO IS ELIGIBLE FOR CARE?

Carondelet's hospice and palliative care is offered to adults, children and infants with a very limited life expectancy and whose goals for care focus on comfort.

WHO PAYS FOR CARE?

Hospice is covered by Medicare and many other private insurance companies. The Carondelet mission is to provide care to all patients who are eligible for hospice care regardless of their ability to pay.
